CAREER OBJECTIVE

Aspiring Software Developer with a strong foundation in Java, Data Structures & Algorithms (DSA), OOPs and full-stack web development. Hands-on experience building and shipping a production-style AI-integrated application using React, Node.js, and Express. Quick learner eager to contribute to real-world engineering teams and continuously grow technically.

EDUCATION

B.Tech in Computer Science & Engineering — Future Institute of Engineering and Management (MAKAUT)

July 2023 – June 2027 | CGPA: 7.75 (till 6th semester)

Higher Secondary (WBCHSE) — Vidyasagar Vidyapith

June 2019 – May 2021 | 81.33%

Secondary (WBBSE) — Ajodhyabarh Chandimata High School

January 2018 – February 2019 | 88%

PROJECTS

CodeSense AI | React, Node.js, Express, Google Gemini API, Redis, Docker, GitHub Actions, GitHub REST API

github.com/saushuvam/ai-code-reviewer

- Built a full-stack AI code review tool that **streams real-time feedback** on pasted code, GitHub repositories, or **pull request diffs** using Google's Gemini API and the GitHub REST API.
- Implemented **Redis caching** (SHA-256 content hashing, fail-open design) and a streaming pipeline (Node.js async generators + Fetch Streams API) for fast, responsive reviews.
- Wrote 44 automated tests (Jest, Vitest) and configured a GitHub Actions CI pipeline that runs the full test suite against a live Redis container on every push.
- Containerized the full stack with Docker and docker-compose for reproducible, one-command local setup.

Minor Project:

Simon Says Game(<https://github.com/saushuvam/Simon-Says-Game>)

- HTML, CSS, JavaScript
- Developed an interactive memory game with dynamic color sequences and score tracking.
- Implemented game logic, event handling, and responsive user interactions using JavaScript.

TECHNICAL SKILLS

Languages: Java, Python, C, JavaScript, SQL

Frameworks/Libraries: React, Node.js, Express, Vite

Databases: MySQL, Oracle, Redis, MongoDB

Tools/Platforms: Git, GitHub Actions (CI), Docker, REST APIs, AWS, ChatGPT, Claude

CERTIFICATIONS

- Full Stack Web Development using Python and Django — Ardent Computech Pvt. Ltd. (Certificate ID: ARDENT/156247)
- Cloud Services Integration and Deployment with AWS — Jusense Technology Private Limited (Ref ID: 0326009)

ACHIEVEMENTS

- Secured 3rd position in the Departmental Group Project Competition — "Innovate & Present" 2026 (March 30, 2026).
- Awarded the Swami Vivekananda Merit-cum-Means Scholarship (SVMCM) for academic excellence.

AREAS OF INTEREST

Database Management Systems, Operating Systems
